## Certificate of analysis

Order-no : 1514210

Next Valley B.V.  
Attn. Mr. D. Tap  
Hoekweg 24  
1608 EP WIJDEENES

|                   |                |                    |                             |
|-------------------|----------------|--------------------|-----------------------------|
| Description       | : VINPOCETINE  |                    |                             |
| Productcode       | : 42971-09-5   |                    |                             |
| Client project-no | : 20220804     |                    |                             |
| Weblims-no.       | : 600598       |                    |                             |
| Sample received   | : 04-08-2022   | Sample date        | : 02-08-2022 20:00          |
| Report date       | : 22-08-2022   |                    |                             |
| Lot No.           | :              |                    |                             |
| Quantity (kg)     | : 0,100        |                    |                             |
| Supplier          | : Supplier 002 |                    |                             |
| Sampling          | : Dennis       |                    |                             |
| Sample delivery   | : Mail         |                    |                             |
| Packing           | : Plastic bag  | Sample temperature | : Roomtemperature           |
| Sealed            | : No           | Sample condition   | : Sample and packing intact |

| Test                |                                                       |  | Result      |         |       |
|---------------------|-------------------------------------------------------|--|-------------|---------|-------|
| Near Infra Red      |                                                       |  |             |         |       |
| I 5701              | NIR Product Identification                            |  | Uitgevoerd  |         |       |
| I 5702              | Applied NIR-calibration                               |  | VINPOCETINE |         |       |
| Metals and Minerals |                                                       |  |             |         |       |
| I 6180              | Mercury (Hg) - Hg-analyser (microwave destruction)    |  | Q           | < 0.005 | mg/kg |
| I 6333              | Arsenic (As) - ICP-MS - A6300 (microwave destruction) |  | Q           | < 0.05  | mg/kg |
| I 6348              | Cadmium (Cd) - ICP-MS - A6300 (microwave destruction) |  | Q           | < 0.03  | mg/kg |
| I 6382              | Lead (Pb) - ICP-MS - A6300 (microwave destruction)    |  | Q           | < 0.02  | mg/kg |

Start date analysis: 05-08-2022, end date: 22-08-2022.

The analysis results only relate to the sample material that Nutrilab B.V. obtained by sampling or received from third parties, and subsequently analysed.

For more detailed information on an applied method and the corresponding measurement uncertainty please contact our Customer Service.

Any interpretation of analytical results mentioned on this certificate lies outside the scope of accreditation.

With the unit % is meant: w/w%, unless otherwise stated.

The information in italics is provided by the client and may affect the validity of the results. Nutrilab is not responsible for the information provided by the client.

Only reproduction of the entire certificate is permitted without explicit written authorisation by Nutrilab BV.
